# meet. connect. do business.

Be part of the **mental health & dementia facilities forum** and have unprecedented access to a host of key decision-makers involved in the design, build and management of all types of mental health and dementia care estates & facilities.

Over one-and-a-half days you'll benefit from a tailored schedule of one-to-one meetings architects, contractors, consultants, NHS foundation trusts, private mental healthcare providers and dementia care facilities.

The **mhdf forum** is a professional yet informal event where relationships are extended through our social programme - yes, business can be friendly and enjoyable too!

**Time to focus**

The premise of **the mhdf** is to create the ideal networking environment. Away from day-to-day distractions; the immersive nature of the event allows people to focus completely in the meeting/networking activities leading to better, more memorable and meaningful relationships.

**Types of project areas...**

dementia units, eating disorder units, learning disability units, paediatric psychiatric services, psychiatric intensive care, rehabilitation units, low/ medium & high secure units, step-down facilities, addiction facilities, community mental health units.

**Our project delegates want to meet with suppliers of...**

arts, anti ligature furniture, anti-ligature fixtures & fittings, security systems, fire alarms, doors, nurse call systems, staff attack systems, lighting, flooring, landscaping, modular buildings, cladding, anti-ligature washroom solutions, vision panels, security gates & barriers, windows, and many more.

## A great opportunity to do business

Health sector construction output increased last year by around 7% with growth of 3-5% currently forecast to 2021

Figures show around 60 confirmed projects across the medical & healthcare; surgeries and medical centres; private hospitals; secure hospitals; and hospices, and nursing and psychiatric home sectors.

A further 100 projects are at the outline planning stage; 150 projects are at the pre-tender stage, showing a healthy pipeline for the future.

126 dementia projects are shown as being at various stages of development and tender, and there are more than 5,000 mixed-use residential projects which include an element of elderly care accommodation, a huge proportion with dementia care facilities.
